## Looking Ahead in 2022

January 2022

In these challenging times, it is great to be *under construction and looking ahead!*  
Our assisted living and memory care homes, for now known as the Key Peninsula Elder

Community, are coming out of the ground. Soon, we will start to see walls being framed. The formal name for our senior housing project will be announced this spring, so stay tuned!

In this edition you will see what else we have been up to at the Mustard Seed Project and what is coming. We recently made the difficult decision to suspend in person programs and classes through 1/28/22 due to the high number of COVID-19 cases in our community. But we are still here to help! We have been focusing on ways to stay safely (and virtually) connected with our community.

We are kicking off our 2022 Community Forums next month on Zoom and Facebook Live, as well as posted on our YouTube channel. More information on the upcoming topics below.

We have also been working hard stacking and delivering firewood to seniors on the Key Peninsula. Please let us know if you or someone you know needs a delivery.

From all of us at the Mustard Seed Project, be safe and well.

-Eric and the Mustard Seed Project team.

P.S. The seed catalogs are out—happy gardening!
