What's in a Name?

February 2022

Thanks to your support, the long-held dream of bringing senior housing to the KP is coming closer to reality every day. In fact, the foundation and stem walls of 3 new homes for 30 seniors in Key Center are poured and soon walls will begin to go up. Given our schedule, we expect to complete construction and have studio apartments ready for residents *this November!*

This means we need a name for the homes and the site they rest on, a name that reflects the spirit and the history of the Key Peninsula community. For anyone who knows even a bit about the Key Peninsula, its unique character stands out. Its history is colorful and rich with stories.

Would you help us? Our request to you is to let us know your thoughts and ideas about what to call our assisted living and memory care campus. We want the name of the homes to reflect what makes

this community special. For example, one thought is to use the history of huckleberry harvesting in the name.

We'll be asking for feedback from the community in the March issue of the Key Peninsula News. Please help spread the word that we are seeking input from everyone to help us finalize a name for the new homes by March 15, 2022.

Please share your thoughts by emailing information@themustardseedproject.org, calling us at 253-884-9814, or by sending us a note in the mail to:

Thank you, Yard Care Volunteers!

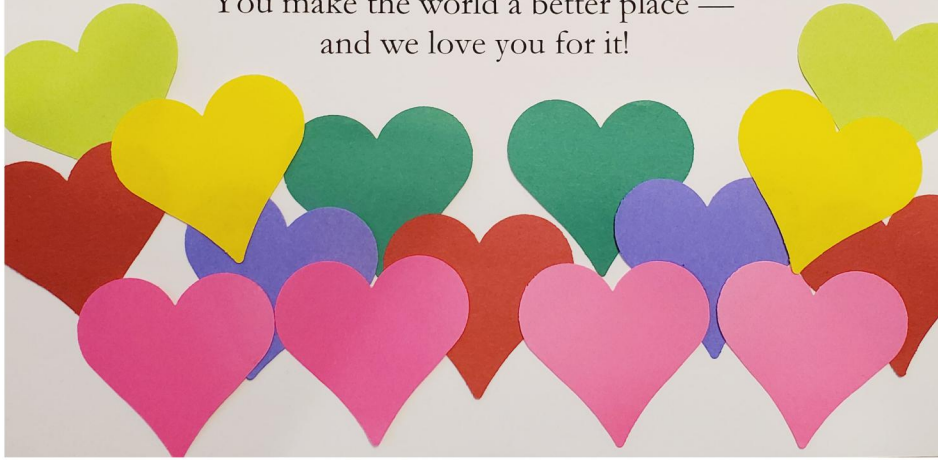

A huge thank you to Harbor Covenant Church for their work with our Yard Care Program. 25 volunteers from the Church helped two seniors in our community completely transform their property. From mowing, weed whacking, tree removal, trimming, raking, and even fence repair, these volunteers made a huge difference!

Interested in volunteering with our Yard Care Program?
